### *9.06 Decal Violations*

A commercial ground transportation provider or driver is in violation if the provider or driver:

- a. Operates a commercial vehicle at the Airport with an expired decal or no decal at all.
- b. Displays a decal in a non-authorized vehicle at the Airport or in a different vehicle than the one the access permit was issued to.
- c. Forges, alters, or counterfeits a decal.
- d. Possesses a forged, altered, or counterfeited decal.

Vehicles operating without a valid permit will be ticketed by Parking Officers for Parking without a valid permit. This is a \$100 parking ticket.

If a temporary suspension is warranted, the provider is responsible for removal of the access permit and delivery to Airport Security, Parking Enforcement, or a City of Bangor LEO immediately. If the provider fails to return the permit within five (5) days, this will constitute an additional violation and may result in a lengthened suspension time.

TNC providers will be required to restrict the access of drivers we no longer permit.

## **Section 10.00 Renewals**

The Access Permit expires at 11:59pm on June 30<sup>th</sup> of the year shown on the decal. The renewal process is described in sections 9.01 to 9.03.

## **Section 11.00 Indemnification**

By applying for an Access Permit or signing a Memorandum of Agreement(MOA) in the case of TNCs., each commercial ground transportation provider agrees it shall protect, defend, reimburse, indemnify and hold the city, its agents, employees and officers, free and harmless at all times from and against any and all claims, liability expenses, losses, costs, fines (including, but not limited to, attorney fees) and damages, and causes of action of every kind and character against or from City, its agents, officers or employees, by reason of any damage to property, or bodily injury (including, but not limited to, death) incurred or sustained from, or incident to its operations at or relating to the Airport and the provider's and any driver's violation of any federal, state or local law or regulations, unless said injury or damage is caused by the sole negligence of the City, its officers or employees.

The foregoing express obligation of indemnification shall not be construed to negate or abridge any other obligation of indemnification running to City, which exists in law or equity, and the extent of the provider's and/or driver's obligation of indemnification shall not be limited by any provision for insurance hereunder.

By applying for an Access Permit or signing an MOA, each commercial ground transportation provider acknowledges that the City disclaims, and the provider and all drivers agree to release the City, its agents, officers and employees from, any and all liability, whether in contract or tort (including strict liability, negligence and nuisance), for any loss, damage or injury of any nature whatsoever sustained by provider, its driver(s), its officers, employees, agents and invitees, unless such loss, damage or injury is caused by City's sole negligence. The parties hereto expressly agree that under no circumstances shall the City, its officers, employees or agents, be liable for indirect, consequential, special or exemplary damages whether in contract or tort (including strict liability, negligence and nuisance) such as, but not limited to, loss of revenue or anticipated profits or any other damage related to the use of the Airport premises and the privileges granted under these Rules and Regulations.

### **Section 12.00 Insurance**

Beginning no later than the effective date of the access permit, the commercial ground transportation provider and/or driver shall have insurance equal to or greater than the city minimum required by state law.

- a. If the law does not provide minimum insurance limits, the required minimum shall be according to the Maine Tort Claims Act (\$400,000)
- b. The providers and/or drivers can carry their own insurance solely for their own account provided such additional insurance does not impair the insurance required to have an access permit.
- c. In the event the provider and/or driver fails to maintain, or causes to be maintained the full coverage required by the access permit, the Director may immediately terminate the right of the provider and/or driver to provide commercial ground transportation services at the Airport.
- d. The provider and drivers understand that the Airport's insurance does not extend to cover injury or loss to the provider or driver or their employees or agents that occurs on Airport property. The provider and all drivers expressly waive any claims against the Airport for such injury or loss.
- e. All operator and/or driver liability insurance required hereunder shall be an occurrence policy and shall be primary to any insurance or self-insurance maintained by the City of Bangor.

### **Section 13.00 Assignment of Access Permit**
